Hand hygiene

Regardless of the type of educational institution you manage, following basic hand hygiene principles can help keep students, teachers and staff safe and help reduce the spread of the virus that causes COVID-19. While each age level requires different approaches to encourage proper hand hygiene, three principles always apply:

- Sick students, teachers and staff should not come to school.
- Encourage frequent and thorough hand washing.
- Ensure hand hygiene stations are stocked with soap and single-use paper hand towels and have warm water. Drying hands with paper hand towels lowers the risk of spreading bacteria; whereas, air dryers can spread significantly higher levels of germs into the air.¹ Paper hand towels also support many uses beyond hand drying such as: blowing noses, wiping mouths, adjusting cosmetics, medical needs and helping avoid dirty door handles.

Below are suggestions on how to engage students of different ages to help reduce the spread of the novel coronavirus and other pathogens.

- **Early Years:** Teach good health habits, such as covering coughs and sneezes with their elbow and washing hands frequently with signage prompts to encourage regular hand washing. Sing a song while washing hands for at least 20 seconds, such as "Twinkle, Twinkle, Little Star". Track and reward proper hand washing and encourage students to use the Ella's Hand Washing app by Tork (See page 11).
- **Primary and Secondary School:** Focus on encouraging good health habits, such as coughing and sneezing into the elbow and washing hands. Remind students to model good hand hygiene for their fellow students and their families by continuing practices at home. Dedicate lessons to learn why hand hygiene is so important. Use the Max's Hand Washing School material by Tork for experiments and tips (See page 12).
- **Higher Education:** Educate students, teachers and staff about hand hygiene techniques upon returning from a shutdown, during orientation and regularly throughout terms. Hang up-to-date hygiene and hand-washing signage throughout school facilities, especially in washrooms. Place hand sanitiser at entrances and exits to buildings, classrooms, washrooms, cafeterias and libraries with signage prompts to encourage regular use

The following pages will provide additional resources to help you promote proper hand hygiene in early years, primary and secondary schools and higher education facilities.

The friction of drying with paper towels removes **more bacteria** than other methods.²

Tork VisionCleaning – The world’s leading facility management software for data-driven cleaning

What if you could save 20% of your cleaning hours and respond to complaints before they happen? Now you can.

Welcome to the world of data-driven cleaning – where cleaning teams and facility managers get real-time information about cleaning needs. This allows your team to do exactly what’s needed, when and where it’s needed. The result is a revolutionary boost to efficiency, quality, user satisfaction and staff engagement.

-24% Fewer cleaning rounds ¹	At least 20% Cleaning hours saved ²	+30% Higher customer satisfaction ³	Fully stocked wash-rooms on average 99% of the time ⁴

Eco-labels and certifications

FSC® certification
FSC stands for Forest Stewardship Council®. FSC is a global, non-for-profit organisation that sets the standards for what is considered to be a responsibly managed forest, both environmentally and socially. For wood products, FSC certification bears the highest recognition. The certification ensures that all companies along the supply chain meet best practice standards in wood fibre traceability. In this way, FSC works to uphold sustainable, environmentally and socially responsible global forestry practices and counteract illegal forestry operations. To learn more, visit: www.fsc.org/

EU Eco-label
This is the European Union’s labelling scheme for environmental excellence that is awarded to products and services meeting high environmental standards throughout the lifecycle. Tissue products with the EU Eco-label certification that meet this standard are made from recycled fibre or virgin fibre from 100% responsibly managed forests. To learn more, visit: ec.europa.eu/ecat/

A sustainable life away from home – our focus areas

Well-being
Raising hygiene standards for all and improving well-being in the workplace

Ambition by 2030:
60% of innovations shall be People Innovations

More from less
Building value using less by enabling behaviours that support sustainable consumption

Ambition by 2030:
Better solutions with 33% lower environmental footprint

Circularity
Designing products and services that contribute to a circular society

Tork PeakServe Continuous Hand Towels

The latest innovation in hand drying. A new smooth, continuous towel flow and 35% more capacity than any other product on the market*. Ideal for high traffic flow washrooms.

- High capacity (up to 2,100 towels and 1,230 towels for the mini)
- Compression means 250% more hand towels, preventing unexpected run outs - compared to Tork Universal refills and Tork Xpress® Multifold Hand Towel dispensers
- Towels served in 3 seconds for a better washroom flow with no hold ups for guests
- Taking a towel is always smooth and easy with our patented continuous hand towel system
- Top up with hand towels when it suits you
- More flexibility means more time to clean

- High capacity**
less maintenance and reduced risk of paper shortage
- Top up in use**
refill at your convenience
- Faster dispensing**
easy to refill twice as fast
- Extra slim design**
attractive and space saving

“The PeakServe is a great product and don’t need refilling as often – I would certainly recommend this product”
Michael Chadwick, Operations Manager, University of Stirling Sport

Tork SmartOne Twin Mini Toilet Roll

The SmartOne Twin Mini System offers a top-up-in-use solution so you need never run out of tissue, whilst still offering single sheet dispensing and fully enclosed rolls.

- High capacity: 1,240 sheets per full dispenser
- Cost effective system: reduces consumption by up to 40%*
- Reduces paper consumption by up to 40%*, saving refilling time and money
- Available as a mini twin roll or standard single roll dispenser, in white and black

"Before switching to Tork SmartOne Twin Mini Toilet Roll Dispensers, the school used interfolded toilet paper, which was often littered on the floor, as surplus paper fell out of the dispenser and was ultimately wasted."

Ricky Thacker, Premises Manager at Mapplewells Primary

*Compared to traditional jumbo roll dispenser which means more visits per roll.

Tork Mid-size Coreless Toilet Roll

Smart and attractive – these dispensers are easy to place, even in a smaller washroom. They also keep maintenance to a minimum, as two mid-size rolls have the same capacity as nine conventional rolls. They're ideal for washrooms with medium traffic, and available in high gloss black or white.

- Coreless rolls for less rubbish to remove
- Compact horizontal dispenser saves space and is easy to place
- Compact and space saving design that fits smaller washrooms
- Easy to refill: less maintenance
- High capacity: less maintenance and reduced risk of paper shortage
- Closed dispenser that keeps rolls protected for better hygiene

Tork Alcohol Gel Hand Sanitiser

Tork Salubrin Hand Sanitiser with 70% (W/W9) denatured alcohol effectively kills microorganisms to help prevent the spread of infections. Effective against a variety of organisms, including enveloped virus. Ideal for everyday hand hygiene. The formula contains moisturising ingredients for a pleasant feel. Suitable for use with Tork liquid soap dispenser (S1).

- Certified effortless maintenance and intuitive refilling in less than 10 seconds
- Use biocides safely. Always read the label and product information before use.
- Light gel for easy handling
- Hygienic: Sealed refill with single use pump reduces risk of cross contamination
- Bottle is recyclable and collapses as contents are used, reducing waste
- Effective formula - conforms with EN1500

Tork Reflex Single Sheet Centrefeed

Tork Reflex is a single sheet centrefeed dispensing system with a multi-use, strong 2 ply tissue. Tork Reflex wipers are ideal for mopping up leaks and spills.

- Fully enclosed roll (helps to reduce cross-contamination)
- Reduces paper consumption by up to 37%*, saving refilling time and money
- Dispenser is also available in a handy portable format
- Strong and absorbent 2ply paper is ideal for all wiping tasks, and for hand drying

Single sheet dispensing
reducing paper consumption by up to 37%*

- Single sheet dispensing reduces waste and mess
- With portable dispenser, paper is available even on the move
- Reduces consumption by up to 37%* compared to standard centrefeed

Because teaching kids good hand hygiene should be child's play!

Ella's Hand Washing Adventure

Encourages healthy handwashing habits and provides parents and teachers with tools to educate children about how and when to wash their hands.

search Ella's hand washing adventure

*Statistics from internal research conducted over a 4 week period. Freeflow Tork Wiping Paper Plus 157m against Tork Reflex™ Wiping Paper Plus lasts 37% longer than ordinary centrefeed roll.

Early Years

Teaching good hygiene can be a challenge in nurseries, but it is critical in helping reduce the spread of colds, flu and other viruses such as the novel coronavirus that causes COVID-19. So we've developed the Ella's Hand Washing School package by Tork, which includes a free app, hygiene brochures, teaching materials, as well as activities to help make hand-washing more fun, and even easier to teach and learn.

Ella's Hand Washing app and storybook by Tork have been fact checked by the Centres for Disease Control and Prevention (CDC) for added peace of mind.

Primary and secondary school

Primary and secondary school children share classrooms, playgrounds, washrooms and often germs. It can be challenging to get students to wash their hands properly and prevent diseases like COVID-19 from spreading. Max's Hand Washing School by Tork is an easy way to encourage children to wash and dry their hands properly. They'll perform hand hygiene experiments, solve problems and learn helpful tricks.

Below you'll find a student workbook and teacher's manual for your lessons about hand hygiene. Use the activities as lessons or homework. The posters can be hung up around classrooms, in washrooms or outside cafeterias. Reward your students with a diploma when they've mastered hand-washing skills!
