10:10 - 11:00	Keynote 1: Brexit: Rhetoric and Reality Dr John Glen, Visiting Fellow at Cranfield University and Economist, Chartered Institute of Procurement and Supply <i>We are nearly three years on from the game-changing referendum in which the voting public chose to leave the EU, but do we have a clear idea yet about what our exit will actually look like? One of the main criticisms of the discourse around Brexit has been the amount of rhetoric leading up to the referendum in the weeks, months and now years following on. John's talk will help to cut through the 'fog' surrounding the reality of the challenge that UK businesses face given the status of Brexit. Given the constantly changing landscape, John's talk is sure to include some 'hot off the press' updates.</i>	County Suite
